SUB:- COMMUNICATION:- Roads - South Kanara District - Kanhangad Area - Formation of roads to several fishing hamlets.

REF:-Government Memo No.38283/-L-5-55-1, Local Administration, D:11-5-1955.

No representation was received by me from the President, Fishermens, Cooperative Society, Kanhangad, South Kanara, on the subject.

2/- The Deputy Tahsildar, Hosdrug, has however, included in the proposals for 1955-56, the work of formation of a road from the M.C.C., road in Ajannoor Kadapuram (Sea shore), in Kanhangad. The proposal has been kept in abeyance as the present position does not permit the drawing up a fresh programme of work for 1955-56. It will be considered with the other proposals for 1955-56, in due course.

3/-There is also another proposal on a representation of the Kanhangad Panchayat Board, for taking up the construction of a road in Kadapuram (Sea shore), of Kanhanged Panchayat area parallel to the M.C.C. Road and some other road under the local development works. But they have not been included in the local development works scheme so far as they are under enquiry.

4/-I should submit my final report on receipt of a report from the Revenue Divisional Officer, Puttur as to whether he has received any representation in the matter from the President of the Cooperative Society, referred to by the Government.

Yours faithfully,

Agriculture (CII) Department.

The notes of H.E.L.A. Department on pages 6-7 above may be perused. This file deals with the L.A. Question by Sri.M. Narayanan Nambiar M .L.A. asking for information about the action taken by the Govt. on the representation dated 20.6.1954 from the Fishermen Co-operative Society, Kanhangad for formation of roads to several fishing hamlets in Kanhangad area in South Kanara District. The petition referred to by the Member was not received either in this Department or by the D.I&C.

2. The subject 'Roads' is dealt with in H.E.L.A. Dept. From the correspondence in the C.F. it is seen that there are proposals under consideration of the District Board, South Kanara and the Kanhangad Panchayat Board for linking ~~roads~~ fishing hamlets in the Kanhangad area with the main roads. It is therefore appropriate that H.E.L.A. Department themselves deal with this file.

3. With reference to portion 'X' of the H.E.L.A. Dept notes on pages 6-7 above, it is submitted that proposals have been received from the D.I&C. for making a provision of a sum of Rs.10 lakhs in the Second Five Year Plan for the purpose of giving grants to the local bodies to induce them to take up the construction of roads from the fishing hamlets to connect main roads. The proposals are under consideration. Even after the proposals have been approved, the local bodies themselves

P.T.O.

will have to construct the roads from the fishing hamlets, although they may expect some grants from the Fisheries Department.

The file may be returned to H.E.L.A. Department, for further action.

[Previous note of this Dept on pp 6-7 above]

The further note of Agri. Dept on pp 7-8 above may be perused.

With ref. to the remarks of Agri. Dept at 'Z' on p 7 above, attention is solicited to the letters from the P.D.B, South Kanara and the Executive Officer, Kanhangad Panchayat on pp 5 and 9-10 C/f, respectively. It will be observed therefrom that neither the Dt. Bd. nor the panchayat has any proposal to form roads for diverting fishing hamlets in Kanhangad area with main roads.

What the P.D.B suggests is that certain roads connecting fishing hamlets etc. with main roads may be executed under N.E.S Scheme. This is for consideration in Pub(R.D.P). The President Kanhangad panchayat is of the view that the roads to be formed

in Kanhangad area from Kanhangad Fish curing Yard to different places should be included in the Second Five Year Plan and that the panchayats will not be sound enough financially to undertake the works. It is not known whether the view of the president of the panchayat has been conveyed to the Director of Industries and Commerce. However the Director has stated that a provision of Rs 10.00 lakhs has been made to construct feeder roads in this State in the Second Five Year Plan and that formation of roads to several fishing hamlets in Kanhangad area will be considered when the district-wise breaking up of the said provision is worked out. Agri. Dept. state that the proposals of the D.I&C in this regard have been received by them and that the proposals are under their consideration.

With reference to the statement of Agriculture Dept. in para 2 of their note on page 7 above, it has to be pointed out that the entire subject "roads" is not dealt with in the HE & LA Dept. "Roads" classified as National Highways, State highways & Major Dt. Roads are the concern of

P. W. D. Similarly questions relating to "forest roads" are dealt with in Agriculture Dept. It is only in cases where the local bodies are concerned with roads that HE & LA come in. The proposal referred to at "Z" overleaf is one for consideration by the Agriculture Dept
